

Getting FREE Library eBooks for NOOK SIMPLE TOUCH & Nook E-Ink Models

What You Need:

- Valid Chenoa Library card and PIN/password
- Nook eReader
- Personal computer
- Adobe ID
- Internet connection
- USB cord
- Required Software and Authentication

Before downloading library eBooks to your Nook for the first time, you must install Adobe Digital Editions software on your computer. It is free and manages the lending and return of eBooks. You should only have to do this one time per computer.

1. Download Adobe Digital Editions from Alliance Digital Media Library at alliance.lib.overdrive.com or directly from Adobe at adobe.com/products/digitaleditions/.
2. After you've installed the software, open Adobe Digital Editions. You will be prompted to create an Adobe account and then to authorize your computer as one of your six devices. Make note of the email address and password you use to create the account.

You MUST create an account or you will not be able to transfer library eBooks from your computer to your Nook. You cannot download library eBooks directly to your Nook and must transfer eBooks using Adobe Digital Editions.

3. With Adobe Digital Editions open, attach the Nook to your computer via the USB port. You will be prompted to authorize your Nook. Follow the click-through path to authorize the device.

On a PC, the Nook will show up if Adobe Digital Editions is already open, and might not show up if you connect the Nook first. On a Mac, the Nook may not show up if Adobe Digital Editions is already open when the Nook is attached. Attach the Nook and then open ADE. Your PC may require you to restart.

Transferring an eBook to your Nook

The following steps assume your Nook is already attached to your computer by the USB cord.
