

# Food and Drink Policy of The Chenoa Public Library District

September 2022

The Chenoa Public Library District maintains a Food and Drink Policy to ensure the continued performance of computers and other technology as well as the condition of books, furniture, and other equipment. We strive to maintain a welcoming, clean and comfortable environment for the public.

Patrons may not eat in the library unless food is provided in conjunction with Library approved programs.

Covered, spill-proof drinks are allowed in the Library, except near Library computers. It will be up to the discretion of the staff as to if the container is appropriate. Library staff maintains the right to control all food and drink consumption.

Drinking alcoholic beverages on Library premises is prohibited.

Patrons are expected to properly dispose of all trash and inform staff immediately of any spills so that cleaning can be done.

Patrons who do not follow this policy may be prohibited from using computers or other Library equipment, or required to leave the Library.
